## ASSIGNMENT

WHEREAS, Ringfree Company Ltd., a Korean corporation, (hereinafter "Assignor"), is the sole and exclusive owner, by assignment, of the United States Patent Application Serial No. 09/763,589, filed February 23, 2001, entitled "METHOD AND DEVICE FOR GENERATING VOICE/TEXT/IMAGE COMMERCIAL INFORMATION RINGBACK TONE DURING COMMUNICATION WAIT" (the "Patent Application"), and the inventions described therein; and

WHEREAS, Ringfree International Corporation, a corporation of California (hereinafter "Assignee"), is desirous of acquiring the entire worldwide right, title and interest in and to the inventions covered by said Patent Application.

NOW, THEREFORE, in consideration of and in exchange for the sum of One Dollar (\$1.00) to be paid by Assignee and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, and transferred, and does hereby sell, assign, and transfer the entire right, title and interest in and to the above-mentioned inventions, Patent Application, and any and all applications for Letters Patent in the United States of America and in all foreign countries (including but not limited to any and all priority patent applications filed in Korea and under the PCT), and in any and all Patents in the United States of America and all foreign countries which may be granted therefor and thereon, and in and to any and all divisions, continuations, and continuations-in-part of said application, or reissues or extensions of said Letters Patent or Patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by the said Assignee, for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent or Patents, may be granted, as fully and entirely as the same would have been held and enjoyed by the Assignor, had this sale and assignment not been made.

AND for the same consideration, Assignor hereby assigns to Assignee all of its rights to pursue any and all legal and equitable claims, causes of action, remedies and any other rights under the Patent Application and all Letter Patents in the United States of America and in any and all patent applications filed and Patents granted in all foreign countries, that may have accrued prior to the date of this assignment, including but not limited to any and all claims for patent infringement that may have occurred prior to the date of this assignment.

AND for the same consideration, Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, the said Assignor is the sole and lawful owner of the entire right, title and interest in and to the said inventions and the Patent Application and any and all foreign patent applications above-mentioned and all existing and future related patent applications worldwide (including but not limited to obtaining in writing assignment of rights or obligation to assign to Assignor from all the inventors), and that the same are unencumbered and that the said Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all Letters Patent or Patents of the United States on said inventions or resulting from said Patent Applications and any continuations, divisionals, reissues and reexamined patents related to the Patent Application to Assignee as Assignee of the entire interest, and hereby covenants that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreements inconsistent herewith.
